Message from the Publisher

Swarnim Publication Pvt. Ltd. is a collective effort of a team of experts and experienced writers, educationists and entrepreneurs. It has been established with the main objective of publishing quality educational materials. It is determined to cater to the demand of quality text books that the teachers, parents and students have been expecting for a long time.

Swarnim Publication Pvt. Ltd. has come amidst many other publication houses but with a new and tested approach and is bringing out the series of Nepali, Mathematics, Science, Social Studies, Computer Science books for the Pre- primary to Secondary Level and also plans to publish the text books of other subjects as well as books of college and university levels.

Swarnim's text books are strictly based on the curriculum prescribed by CDC, Bhaktapur, Nepal. The series consists of child friendly colours, designs and cover pages. Moreover, the text books are activity based with innovative concepts. The language has carefully been selected and graded so as to meet the requirement and age level of the learners.

We expect that the educationists, principals, teachers, students and well wishers will always support and encourage Swarnim Publication. We eagerly welcome their constructive suggestions for further improvement.

Thank You.
